II.1.4) Short description of the contract

AID 11432 "VIETNAM – Improvement of National Statistical System" is a technical assistance Project carried out by the Italian National Institute of Statistics (ISTAT) and managed by the Italian Agency for Development Cooperation – AICS Hanoi. The project aims to contribute to the strengthening of the Statistical System in Vietnam through the improvement of the necessary statistical information base to drive the development process of the country.

The beneficiary of this Project is the General Statistics Office of Viet Nam (GSO) - an Agency operating under the Ministry of Planning and Investment (MPI). The GSO advises and assists the MPI on statistics data management, conducts statistical activities and provides socioeconomic information to domestic and international agencies, organizations and individuals.

This Call for Tender, a specific component of AID 11432 Project directly managed by AICS Hanoi, was established with the purpose of selecting a tenderer able to ensure the provision of IT equipment and supporting software to enhance the GSO's operational capabilities.

[1] The Common Procurement Vocabulary (CPV) is the mandatory reference nomenclature applicable to procurement contracts. The list of CPV codes is available on: http://simap.ted.europa.eu/en/web/simap/cpv
